

Pupil Premium 2017-18

OVERVIEW

The Pupil Premium is paid by means of a specific grant based on annual school census figures for pupils registered as eligible for free school meals (FSM) in reception to Year 11. Looked after children also have an entitlement to a premium and a premium has also been introduced for children whose parents are currently serving in the armed forces. This service premium is designed to address the emotional and social well-being of these pupils.

The Pupil Premium is additional to main school funding and it will be used by this school to address any underlying inequalities between children eligible by ensuring that funding reaches the pupils who need it most. Pupil Premium is clearly identifiable and it is for schools to decide how the Pupil Premium is spent.

At Wargrave, Pupil Premium pupils are identified at the start of each financial year and interventions are planned for the following academic year that runs from September to July. During the financial year 2017-2018, Wargrave Primary School was allocated £170,773.33

OBJECTIVES FOR PUPIL PREMIUM IN THIS SCHOOL

The Pupil Premium will be used to provide additional educational support to improve the progress and to raise the standard of achievement for these pupils

The funding will be used to narrow and close the gap between the achievement of these pupils and their peers. As far as its powers allow, the school will use the additional funding to address any underlying inequalities between children eligible for Pupils Premium and others

We will ensure that the additional funding reaches the pupils who need it most and that it makes a significant impact on their education and lives by directly addressing their barriers to learning.

BARRIERS TO LEARNING AT OUR SCHOOL

Typically the children at our school face the following barriers to learning:

Learning Behaviours - lack of resilience, confidence and endurance

Low Aspirations

Social and Emotional Behavioural Difficulties

We will ensure that our allocation of pupil premium spending addresses these barriers directly to ensure that disadvantaged children and others are able to reach their full potential.

SCHOOL POLICY

The Head Teacher and governing body have agreed a policy for Pupil Premium to guide the use of funds and to ensure that it represents value for money.
